## В.Н.

It's Britain for the bulldog, holding fast to every score,  
 Sitting tight on every duty until hell is frozen o'er.  
 It's the solid Dutch for caution, looking twice before  
 I leap.  
 It's the cunning Scots with one eye open, while the enemy's  
 asleep.  
 It's the canny Scot for business, putting shekels in my  
 purse.  
 It's the shrewd gains from every venture, for better or  
 worse.  
 It's the France that gives me passion, soul ablaze and eyes  
 aflame.  
 It's the fireworks in my speeches, puts the ginger in the  
 game!  
 But deep beneath these virtues, ah, my guiding genius  
 lies,  
 For it's Irish—only Irish—puts the laughter in my eyes.

man. The three brothers-in-law of the  
side. Mr. Paul Kauffman of Seattle

Mr. Weller Huntingford, Wainwright

...Lodge to some fifty guests. For

her daughter's wedding, Mrs. Brunke chose a new look dress of navy blue

Moved by H. C. Folkina that the minutes of the meeting for January be adopted as read, Carried.

Moved by H. C. Folkina that we accept the recommendation of the Board of the Buttsville School District re the purchase of a radio out of their school trust account. C'd.

The secretary was instructed to advise the Education Point School district that the matter of a plane and stove for the school would be left until Mr. Lawson's return from England.

Moved by Mrs. McLeod that the report on Dormitory operation for

The Annual Meeting of the payors of the Municipal District Waterlight No. 81 was held at L.O.O.F. Hall at Wainwright, on Saturday, the 21st day of February, 1942. The Returning called the meeting to order at 6 o'clock in the afternoon as

Moved by Mr. Spencer that equipment for the supplying of an adequate water supply for the Browning School be forwarded or arranged for as soon as possible. C'd.

Mr. Dave Rutherford, Reeve Municipal District, gave his report on the year's activities of the district and highlighted on the monthly club meetings.

On motion, the report of the year was accepted as read, Carrie H. E. Spencer gave a short report.

very pretty wedding was solemnized at the home of the bride's parents in Vancouver, on Thursday, March 4th at 8 o'clock, when Marjorie Fern, daughter of Mr. and Mrs. W. T. Brunner was united in matrimony to Mr. David Robert Gray, elder son of Mrs. Sarah K. Gray and the late Mr. Norman Cary of Vancouver, B.C.

Moved by Mr. Dixon that we request the Department of Education for an advance on grants in the amount of \$20,000, and further, that if possible, an estimate of grants be obtained early in the year. C3

Moved by Mr. Smith that the estimate of grants be obtained and the Auditor's report and the 1947-48 Statement be taken up next page and discussed. Only a few questions were asked, the matter of Public Works and the matter of the Canadian

considered by the Board be adopted, and that resolutions be forwarded to the proper authorities in Towns, villages and Municipalities in the amount of \$100,000, the same to be used for school administration during the year 1908.

Moved by Mr. Spencer that Mrs. [Name] be appointed to the position of [Title] for the year 1908.

McLeod sent a letter to a committee of the Divisional Board to meet with the Wainwright Local District Board on March 15th at 8:00 p.m. for the purpose of the meeting to discuss the possibility of a new agreement with the Divisional Board and an increased regulation necessary for the one-

Alberta will have another big program this year, according to mates in the legislature. The total amount of ways is \$110,000,000, practically the same as in 1967. This includes \$8,900,000 for the construction of new main highways.

Delegation. A delegation of three taxpayers from the Battle Valley School District met with the Board to discuss the question of moving the Battle Valley School to a more suitable location, one that will cost and

black with rose and white design, off the face flower trimmed hat of grey and a sprig of geranium, violas and dilly of the valley. Mrs. Cary, mother of the group, wore a grey and white striped dress, grey hat with rose trim, and her carriage contained a gardener and pink carnations.

Moved by Mr. Sanders that the Auditors Report be adopted. Od.

Moved by Mr. Spencer that the Report be adopted as amended to read:

If YOU are between the ages of 18 and 60, you have normal health, YOU can be a voluntary blood donor. There is no pain or discomfort experienced in giving blood and it only takes a few minutes of your time. Donation is no longer necessary.

You will only be asked to donate blood twice a year.

## THANK YOU STAN ROSS

In a recent broadcast over C.J.C.A. "One Man's View-point," a commentary by Stan Ross, brought home a point that has been in the minds of newspaper men everywhere, especially weekly newspapermen. It is gratifying to hear someone such as Mr. Ross express his views on a subject so dear to the heart of every newspaperman. Mr. Ross could be classified as a disinterested person, for in this regard he has no axe to grind or position bettered by stating as he did his personal viewpoint. We are referring to his address given Tuesday last, March 9, on the A.L.C. Show, in which he outlined the service given to the communities of Canada by the weekly press. His address as given appears as follows:

"As one travels about the Province of Alberta, it is amazing to find the number of local community newspapers which are being published, but it is not always quite so clear that these local papers are being appreciated in the way that they should be appreciated. Possibly it's the old case of taking what you have for granted. Sometimes it's a mistaken notion that because a paper is smaller, or because it publishes only once a week, that it can't be as valuable as a daily edition.

It's true that a weekly paper can't provide daily news. It's also true that the radio reaches every community with news and factual material in a way which no newspaper can possibly do. But it is equally true that the community newspapers are the only means for circulating community news and community projects, and community ideas, and those things are more valuable than many people seem to think.

Actually you might obtain all the world news and ideas there are, but you'd still have poor communities if there was no method for stirring up community thought and interest concerning community matters. You could also be cut off from every item of world news and still you could have the best of communities if you possessed a good local newspaper—and that's the function your town weekly will fill if it is given a chance.

Look at it in another way. It's all very well for you people outside Edmonton to hear our ideas about everything, but after all, each community needs to know about a few of its own ideas—and a weekly editor is the only one in a position to reflect the local ideas about many things. He's in touch with his own district. He knows its needs and the local feelings, which may differ from district to district. He's in the best position to whip up local opinion—and he's in the best position to fight the local battles.

In other words, these local weeklies aren't simply a printed sheet—they are an institution—as important as any other item in our community life—and as such should be recognized, and used, and supported.

## HOLIDAYS FOR FARMERS

Everyone knows that farmers can't take holidays. Especially in summer. The idea is plainly ridiculous. Who would do the chores, milk the cows, cut the hay, do the thousand and one things that the daily routine of the farm demands.

But in Simcoe County, where the farmers are no slouches when it comes to new-fangled notions, they have just up and done it. The County Federation of Agriculture has purchased a 75-acre estate on a lake near Orillia on a co-operative basis. It is to be adapted into a holiday resort with cottages, bathing-facilities and other comforts and will be open to farmers of this district.

If this kind of thing spreads there's no telling where it will end up. No doubt many will see in it the ruination of agriculture in Canada; the end of the era of rugged individualism when farmers toiled from dawn to dark, struggling in the process (as is so often proclaimed) those sterling qualities of character which enabled them to triumph over all manner of hardship.

Others may be optimistic enough to see in this move for yearly holidays a trend towards the re-establishment of the farm on a sound basis. In it they may see the beginning of a new era when farming instead of being considered mere back-breaking drudgery with small reward, will be rendered attractive enough to retain the boys and girls who now leave in droves for the illusory bright lights of the city.

If farmers in the past have rarely dared to take holidays they have always enjoyed the few they have had. Witness the popularity of the picnics and field days—to say nothing of the evening garden parties—which are a feature of farm life in Ontario in the slack days of June between seeding and haying.

An attempt to regularize relaxation of this kind has already begun. At its annual meeting in January, 1946, the Canadian Federation of Agriculture endorsed a resolution (from the farmers of Alberta) that June 21 be designated "Farmer's Day" and be recognized as a nation-wide holiday for farmers in the same way as Labor Day—the first Monday in September—is known as a day of celebration for industrial workers. Last year many farmers did take June 21 off, and more are expected to do so this year.

Real holidays for farmers, of course, would go far beyond this. Unquestionably they would be difficult to introduce, particularly in the summer months (which is when farmers, like other people, would want to take them) and in view of the current manpower shortage. Whether that will be permanent is another matter.

Almost certainly holidays will mean higher production costs. But if the farming industry is to continue on a sound basis, if it is to recruit hired men for example, and offer them a decent living, there would seem to be no alternative.

—Pool Budget

by ottawa observer

Communist aggression continues to be the subject of much discussion in Ottawa as the Czechoslovakian Minister to Canada and the Czechoslovakian Ambassador to the United States resigned last week. It is noted that the British Socialist government has admitted that the communist capture of that country would not have been possible without the co-operation of many socialists.

## Income and Food Prices

The parliamentary committee is making marked progress on its inquiry into the cost of living. A Canadian statistical service has issued figures and charts to compare the present situation with that of the three years following World War I. The charts reveal the interesting fact that, while after 1918 the rise in the cost of living greatly exceeded the gain in earnings, since 1945 the reverse has taken place. The significant lesson these charts contain is that while wholesale prices, the cost of living generally and the cost of food have risen since the war, they have not risen as far or as fast as wage rates, nor have they kept pace with the national income.

## World Trade Week in Canada

"More Trade, More Jobs" is the slogan selected for World Trade Week in Canada, which will be observed from May 30 to June 5, 1946. It is sponsored by the Canadian Chamber of Commerce, the Canadian Exporters' Association, the Canadian Section, International Chamber of Commerce, the Canadian Importers and Traders Association and the Canadian Manufacturers' Association, whose members are vitally concerned in the stimulation of trade in the development of foreign trade. The period coincides with the Canadian International Trade Fair, which is being held in Toronto from May 31 to June 12 under the sponsorship of the Canadian Government.

It is proposed that provincial committees be formed in all nine provinces to promote the observance of World Trade Week in Canada. Each provincial committee will be responsible for the creation of municipal committees.

## Canadian Fish Products

The importance of Canada's growing fish industry is shown in figures just issued in Johannesburg South Africa. Canada's trade with South Africa in fish—fresh, frozen, smoked, pickled and canned—amounted to the value of two and a half million dollars in 1947. The previous average was between 350 and 600 thousand dollars. In actual volume the increase is from 77 thousand cwt. in 1939 to 126 thousand cwt. in 1947.

There are no restrictions on imports into South Africa from any country and the Canadian fishermen meet the competition of all nations. 45 to 50% of South Africa's fish imports come from Canada. Salmon, sardines and herrings or pilchards are the most popular types of canned fish. Every effort will be made by Canadians to retain this as a permanent market.

## National Liberal Convention

Considerable interest has been shown in the announcement, over last week-end, of the representation to be given at the National Liberal Convention called by the Prime Minister. A basic representation of three voting delegates from each electoral district assures interest from every part of Canada. Special voting powers also go to Liberal women, Young Liberals and University Liberal clubs. Federal members of parliament, Senators, members and federal Liberal candidates also have votes. Provincial members and candidates have liberal representation.

This will be the third National Convention in the history of the Liberal Party. It is notable that the two previous conventions in 1930 and 1935 were called by Rt. Hon. Sir Wilfrid Laurier.

Taken From The Star Files

### TWENTY YEARS AGO

March 21, 1926  
Kirk Snyder again came through with the goods by winning the district oratorical competition. His next step up in the Dominion competition will be the northern Alberta competition to be held shortly.

Mr. O. R. Blomquist, former old country merchant, has purchased Hoegh's Hardware. Mr. Hannan plans to take over full control of the store sometime next month.

A very interesting chassis demonstration was given by representatives of G.M.C. products in the Bill Theatre last Thursday. Motor and parts of the new 1926 Chev were on display and Mr. E. R. Macdonald gave a very interesting lecture, bringing out important mechanical points and

### FIFTEEN YEARS AGO

March 15, 1931  
After an illness of two days, Henry Sabourin of the Health District, passed away Sunday last at his home. The funeral service was held in the Blessed Sacrament Church, Wainwright.

### TEN YEARS AGO

March 15, 1926  
Representatives of the Business Men's Association of Wainwright and Vermilion were given a courteous hearing by Hon. W. A. Fallow, when they laid before the minister the necessity for a highway connecting Wainwright and Vermilion. Mr. Fallow assured the delegation that if funds were available this project would be undertaken as soon as the spring breakup came.

Mr. and Mrs. A. Kristerson formerly of the Sylvan district, have moved into town and are now residing in the Bill Cowley house on Sixth Ave.

### FIVE YEARS AGO

March 17, 1941  
A quiet wedding was held in the United Church bowerage on Saturday last, when Miss Gertrude A. Ziegler of Edmonton became the bride of Corporal Delmar Dreger, of Edmonton. After a short honeymoon the groom will return to R.C.A.F. duties in the east.

Appearing in an advertisement inserted by Forry's Grocery were the following articles: Pure Swifts Lard, 4 lbs.—60¢; Cowan's Cocoa, 2½—27¢; Lemons, doz.—30¢; Prunes, 2 lbs.—25¢.

## Plan Large Programs For National Parks

Substantial improvements will be seen in national parks this year in anticipation of an increased patronage this summer, according to information received by the Alberta Motor Association.

More light on these programs probably will be given when the federal budget for National Park programs is disclosed at Ottawa this year.

Federal officials have stated that certain building plans are to be undertaken to improve facilities for public services. Also, arrangements have been made to extend auto camp facilities to meet an increased demand. Many applications have been made for such concessions.

Inquiries received by railway companies operating mountain resort hotels also show that the flow of holiday travel this summer will be the highest of any post-war year. During January, many applications for June and July reservations were received.

## THEY'RE HEALTHY, WEALTHY—WISE!

**Healthy!** They are physically fit, these soldiers... they had to be to pass enlistment examinations... and they KEEP fit. They are well-fed, clothed... given physical training under experts... provided with varied recreation... and at all times given free medical and dental care.

**Wealthy!** Yes! They really are wealthy... in many ways. Not only medical and dental care is free for these top-flight Canadians. Their food, clothing, recreation and training are all FREE! They have generous leave with pay... they see new places... they have security in their chosen career AND a pension awaiting them at the end of their service.

**Wise!** Of course they are wise! Each has been trained in some special skill... under expert instructors... with modern, scientific equipment. They are wise in another way too! They have learned that their service in Canada's New Army brings with it a sense of pride in the kind of job they are doing... a feeling that they are making a vital contribution to the welfare and future of Canada.

If you are over seventeen and want a career with a job, call on your local recruiting centre or nearby army and obtain further details.

# Human Interest Stories

By Douglas W. Smith  
Public Relations Officer,  
Canadian Legion, BESC.

George was young and full of fighting heart. For three years he manoeuvred across Great Britain and finally with the First Division he came to grips with the Hun at Italy. He stood ashore at the beachhead in Italy, baked in the summer heat and froze in the ice water deluge in the long winter mountain warfare.

When the Jerries started on the run he followed them across France, Belgium, up into Holland, and finally was in at the kill in Germany. Then came VE Day and the fighting died down. We don't know how George celebrated. Probably he spent a week-end in Brussels or in Paris. Cleaned out his pay book, flogged all his cigarettes and arrived back in the regiment in the back of a 60 cwt. broke, tired but happy and with a memory of "Wow, what a weekend!" that he could reminisce on for the next fifty years.

Then came the slack period. A new role appeared in Daily Routine Orders: "All ranks are reminded that with the cessation of hostilities in this area, no slackening off will be allowed in discipline. All ranks will be issued with blanco, etc."

Then word came that they would be taking volunteers for the Pacific theatre. It was a chance for more fighting, so twice in one war George volunteered for action.

Quickly he was fed through the repatriation stream. He was a much needed man. Red tape was cut, documents appeared magically out of the air, transportation was secured in quick order and in no time George was back in Canada.

Then came the news. The atomic bombing of Hiroshima and the unconditional surrender of Japan. The Canadian Pacific Force was cancelled and George was given demobilization leave.

He took his month's leave and in the interim secured a job. He reported back to the discharge depot and a busy clerk said, "Can't handle you today, report back tomorrow." The next day he received permission from his employer to see the army again. The same reply, "Report back tomorrow."

For thirty days, faithfully George reported back to the army depot and each time was put off "until tomorrow."

Finally his employer said, "Look, I appreciate the position that you are in, but you must also appreciate mine. I can't very well hire you and give you hours off every day. You'll have to make up your mind. Either work here or go back to the army."

So George, young, hot-headed and by now understandingly completely fed-up, ducked the army and did not report back.

Things went along smoothly for some time and after a year or so George parted company with his employer. Then came the snag. He started to look for another job.

The Department of National Defence had issued a statement to the effect that those troops who were still unreported must do so between the dates of January 1st and August 15th, 1946, or else they would be considered as to have never served in His Majesty's Forces. This was meant mainly for deserters and draft dodgers, but George was in the web.

He tried to get a discharge button, he tried to get a discharge certificate he applied for his gratuities. He could get none of them "because he had not served with His Majesty's Forces" Without a discharge button, with-

# Find Effective Treatment For Undulant Fever

# Find Effective Treatment For Undulant Fever

Undulant fever, carried out over a 10-year period in the laboratories and clinics of the University of Minnesota Hospitals indicates that combination treatment with streptomycin and sulfonamides is more effective against human brucellosis (undulant fever) than any other known therapy.

Writing in a recent issue of the Journal of the American Medical Association, four physicians report the cases of more than 80 patients with active brucellosis whom they studied and observed, and whose treatment they directed. The doctors are Wesley W. Spink, M.D., Wendell H. Hall, M.D., James M. Gaffner, M.D., and Abraham I. Brude, M.D., from the Division of Internal Medicine, University of Minnesota Hospitals and Medical School, Minneapolis.

Exceeded in importance by only three other communicable diseases—tuberculosis, syphilis and gonorrhea—undulant fever has baffled medical men for many years. The brucella organism is transmitted to humans by contact with diseased hogs, goats or cows, or by drinking unpasteurized milk. The forms which the disease takes are extremely variable, and even after apparent recovery the brucella organism may remain in the patient's tissues. Relapse and recurrence of symptoms have therefore been common.

The four doctors report that in both acute and chronic brucellosis cases, a sulfadiazine-streptomycin combination brought the most satisfactory results. Also, patients whose symptoms pointed to brucellosis as the most probable diagnosis responded well to the combined therapy, although the presence of brucella organisms in their tissue or body fluids had not been proved. The treatment also was effective in cases with serious complications of brucellosis.

# The World of Wheat

**2-4-D ON REGISTERED CROPS**  
The Directors of the Canadian Seed Growers' Association and the Dominion Plant Breeders' Committees have just met in Winnipeg.

Among the matters discussed was the damage that might be done by 2-4-D to grain crops, quite apart from the killing of weeds. Plant breeders and others are quite concerned about this, for it has already been found that under certain conditions some damage does occur, and that one peculiar feature of the use of 2-4-D is that it causes abnormal types of heads to appear in a crop.

Whether these abnormal heads will have an adverse effect on the milling and baking value of the grain is not known, but experiments to find out are under way. It is difficult for an inspector of registered crops to determine whether the abnormal heads are caused by 2-4-D or whether some of them are natural off-types. If off-types appear in a crop then the field would have to be refused registration. The Canadian Seed Growers' Association, therefore, strongly urges those who are producing Elite and First Generation Registered stocks not to use 2-4-D on such fields until more evidence is available. No recommendation was made about 2-4-D on registered crops other than Elite and First Generation. Personally, however, I would not use 2-4-D on Registered crops until further scientific experiments have been made.

**ITEMS OF INTEREST IN THE WORLD OF FOODSTUFFS**  
Private sources have estimated Argentina's wheat crop at about 200 to 250 million bushels, compared with last year's 206 million bushels produced on a 15% larger acreage. Barley and rye and especially the oat crops are expected to be below last year. The progress of the corn crop is slow because of recent bad weather.

Official estimates placed France's wheat acreage at 10,166,000 acres on February 1st, compared with an earlier estimate of 10,028,000—Russia has sold Belgium 13,338,000 bushels of wheat but no coarse grains according to recent reports. Total importations of Russian grain into Czechoslovakia were approximately 3,338,000 bushels as of January 1st. These included 738,000 bushels of maize.

Canada's wheat crop is estimated at about 200 to 250 million bushels, compared with last year's 206 million bushels produced on a 15% larger acreage. Barley and rye and especially the oat crops are expected to be below last year. The progress of the corn crop is slow because of recent bad weather.

**Know Your 2, 4-D**

**Are You Confused About 2, 4-D?**

Do you know that all 2, 4-D formulations are not the same? 2, 4-D is an acid which is put up in many different concentrations both in liquid or soluble form and in dust. A producer should have complete information about all types of 2, 4-D and their characteristics before tackling his weed problem.

**Can you answer these questions?**

- Should all brands of 2, 4-D cost approximately the same price?
- What is the difference between Sodium Salt, Ester and Amine?
- How much 2, 4-D should I use per acre?
- Is 2, 4-D safe to use on a Flax crop?

These and many more questions are answered in the **HANDBOOK ON CHEMICAL WEED CONTROL** prepared by the National Grain Company.

**Do You Realize the Cost of 2, 4-D...**

... is determined by the acid content it contains? For example: If you pay \$11.50 per gallon of 2, 4-D containing 79.26 oz. of acid per imperial gallon it is probably less expensive than a gallon of 2, 4-D containing 60 oz. of acid at \$9.50 per gallon because you can spray more acreage with the gallon containing 79.26 ozs.

**The National Grain**  
Pioneers in Chemical Weed Control  
Recommendations for General Farm Use

**National STANTOX AMINE "80" \$395.00**

**National Sprayer**

**Because**

- It effectively kills weeds common to most farms, such as mustard, stinkweed, ragweed and other easy-to-kill species and will control, or kill many of the hard-to-kill varieties.
- It is one of the safest formulations of 2, 4-D to use.
- It is the most moderately priced 2, 4-D.

The National Grain handle a complete line of chemicals for all weed problems.

**CONTINUATION OF  
M.D. ANNUAL MEETING**  
Continued from Page 1  
Frustrated, the meeting was adjourned for 1947 and read the list of Townships awarded and ineligible. This list will appear in the weekly newspapers within the District.  
Mr. F. W. Maddox, Field Supervisor.

### Junior Stamp Club Notes

A very successful Stamp Club meeting was held at the home of Mr. and Mrs. Beeching with David Beeching acting as host for the afternoon. A talk on foreign stamps was given by Mr. Beeching. A delicious lunch was then served. The next meeting will take place at the home of Eddie Swamy on March 24th. The president then adjourned the meeting.

At the hour of 4:00 p.m., the Returning Officer declared the following elected by acclamation:  
Dave Sutherland—Division 3  
E. W. Taylor—Division 4 as Counsellor, M.D. of Wainwright, for a term of three years.  
Dave Gardner—Division A  
O. J. Gould—Division B  
T. Bailey—Division C, as Trustees for the Wainwright Municipal

Hospital District No. 17.  
F. M. Hill—Division B  
A. C. Hutchison—Division C, as Trustee for the Wainwright Hospital District No. 17.  
Moved by Mr. Tindall Jr., seconded by A. C. Hutchison.  
Whereas the present Municipal Districts Act allows the elected Councilors to become a dictatorial body insofar as the ratepayers are concerned; and  
Whereas under the present Municipal Districts Act the ratepayers are given no right to be heard in the matter of the Councilors; therefore be it resolved that the Municipal Districts Act be amended at the next session of the Legislature to read: "Any motions or resolutions passed at an annual meeting, instructing the Council on policy, should be passed in each of the sub-divisions and newspapers within the M.D., a period of 30 days and upon a petition being signed by 50 ratepayers, in any one sub-division, a plebiscite can be secured; in the event no petition is presented to the Council, the resolutions passed at the annual meeting to be carried out." Motion lost.

### PLAXTONVILLE

The wedding card party was held at the home of Mr. and Mrs. Ed. Plaxton. A good crowd attended. Ladies first prize was won by Miss Eleanor Plaxton and second by Miss Mary Tester. Men's first prize was won by Mr. Ed. Demerouti.  
A shower was held in the Plaxtonville school on Wednesday evening, in honor of Mr. and Mrs. Allan Bathwell, who were the recipients of many beautiful presents. The bride and groom each suitably thanked those present for the evening in a few well-chosen words. The evening was then spent in dancing, music supplied by the Veech family.

The district was very glad to hear that the fire which started in Mr. Elwood Plaxton's home on Saturday last was put out without extensive damage being done.

We also wish to extend our best wishes to Mr. and Mrs. S. Plaxton who recently celebrated their 42nd wedding anniversary.

Miss Mary Tester spent last week-end with her parents in the town of Plaxtonville.

The district was shocked to hear of the passing of Mrs. G. Peacock, a well known and respected former resident of Mayfield district. Sincere sympathy is extended to the family.

We were sorry to hear of the accident in which Mr. Leavitt's car was seriously injured. We wish him a speedy recovery and his return from the hospital as soon as possible.

Mrs. A. Dickout is at present visiting with her daughter, Mrs. Walter Thayer and family at Kinleith, Alta.

About 15 young people from the district attended the Roadside play and dance on March 5. They all reported a very good time.

We are glad to hear Mrs. C. Plaxton is feeling much better and is up and around again.

### PELICAN

The roads and weather have somewhat improved. Several farmers went to town on Thursday and Friday with teams and by Saturday several cars were travelling the main roads.

Two trucks came out to A. Clarke's on Sunday to take his cattle to town. But due to a small snow storm on Saturday night the roads proved to be too heavy that they were unable to take the cattle in.

Gordon Newell and Robert Walgrins were Sunday visitors at Lorne Cornfield.

Romeo Belanger and Mike Belke were Sunday visitors at Paul Belke's.

There are a few signs of spring. Romeo Belanger and Lorne Cornfield are busy cleaning grain. We also hear of the arrival of some baby chicks.

Harold Monagan went to Wainwright on Saturday.

We overlooked reporting Mr. Adolph Halle had lost last week. His pump house caught fire and burned down, destroying quite a number of tools, pump jack and pump head. The night following he lost a horse and a steer. "It never rains but it pours" could be quite true in this case.

### HEATH

Mr. and Mrs. H. Wootton, of Edmonton motored down on Sunday to visit for several days with Mrs. Wootton's parents, Mr. and Mrs. R. Jones.

Mrs. N. Overbo of Jarrow, the new teacher at Heath school arrived last Tuesday.

Mrs. J. W. Bartlett who spent several days in Edmonton because of her father's illness returned home on Wednesday. She reports that her father, Mr. H. C. Mockford, is steadily improving, although he will be in hospital in Calgary for some time.

Mr. R. Macneil was rushed to the Wainwright hospital last week where he underwent an operation for appendicitis.

Last Tuesday afternoon the ladies of the district gathered at the home of Mrs. A. Patterson when they had a shower in honor of Mrs. J. Owen, our departing teacher. Several contests were conducted. After the contests the guests of honor followed a string till she found a little red school house full of gifts. When the parcels were opened Mrs. Owen graciously thanked the ladies for their kindness. A delicious lunch was then served after which the party broke up, every one wishing Mrs. Owen much happiness in her new home.

On Monday morning while doing chores, Mr. Fred M. Ford saw a robin who says Spring isn't just around the corner?

Don't forget the Irish stew supper and dance to be held in the Heath school on Friday evening, sponsored by St. Patrick's W.A.

### GREENSHIELDS

Mr. and Mrs. Marvin Jackson spent a few days in town last week, when roads were badly drifted.

Mrs. J. E. Gosselin had been ill for several days and last week was taken to hospital as soon as a snow plow made it possible. Her complete recovery is hoped for.

Mr. and Mrs. Allen Speed have a son born at Wainwright municipal hospital March 10. Congratulations. The Misses Doris and Patsy White and Mr. John White were home for all the week-end helping their mother celebrate a birthday.

### GILT EDGE

Residents of the district were grieved and shocked last week to hear of the death of Mrs. Gavin Peacock in the Wainwright hospital on Tuesday.

Mrs. Peacock had been a resident of the district for over thirty years having lived all her married life here until moving to Wainwright in December. She will be greatly missed by a large circle of friends and the sympathy of the district is extended to Mr. Peacock and family.

Mr. and Mrs. Frank McClellon and Judy drove over from Lloydminster on Friday and plan on returning today (Thursday).

Mr. and Mrs. Armand LaFrance moved last week to their new home in the Gerald district.

Mr. and Mrs. D. McClellon entertained a few friends to dinner on Sunday and in the afternoon a short "movie" of the week was much enjoyed by all.

Mr. and Mrs. John Kelly and Mr. and Mrs. Ronald Morrison both of Greenshields visited friends in the Gilt Edge district on Sunday.

After a three month vacation with relatives in the east at Barrie, Ontario and other points, Mr. and Mrs. Joe McClellon returned home on Monday morning's flyer.

### EDGERTON

The free picture show tickets were won by Vera Baby, Jim Woodbridge, Ronnie Hallett and Dorothy Tribe.

These tickets were donated by Mr. Jim Steele's Sales and Service. The lucky winners are requested to drop in and pick up their ticket. The ballot box is at Miles Garage this week.

Last week Joey Miles, Evelyn Lett, Norren Pessary and Joan Kingston took in the Rhettone Ladies Bonspiel. We are pleased to announce that they returned home winners of the Grand Challenge.

Happy Montgomery is home spending a few days with his family.

The Edgerton Co-Op Association are holding their Annual Meeting in the Memorial Hall at 2 p.m. on Thursday, March 18th.

Paul Spornitz is home after spending some three or four months in the hospital receiving treatment for an accident he was unfortunate to have while working in the Leduc oil field.

Mr. Trammier wishes to thank patrons on all the mail routes for their help and cooperation during the past few weeks while the weather and road conditions have made delivery difficult. Special thanks are due to Mrs. H. E. Spencer for her assistance.

The Farmers Annual Bonspiel was held here last week and from all appearances all who took part seemed to enjoy themselves. Several exciting games were played and many spectators were on hand to watch the games. A record number of rinks took part this year, there being twenty entries. Palmer Taylor and Gordon Challenger played off the final in the Grand Challenge with P. Taylor taking the honors. In the Consolation Brant Gus Nelson and Fred Abbott played off the final, Fred taking the game. These final games were played in the wee small hours Monday morning, however the participants were still keen although a bit tired.

### Joan Kingston Crowned Carnival Queen

After two postponements the Edgerton Carnival was finally held on Thursday, March 12. Over seventy costumed entries competed for the fifty-four prizes that were given for fancy, comic and original outfits. Joan Kingston was elected carnival queen and Luella Tunney and Dorcas Johns were the queens attendants. The crown bearer was Margery Tunney, the pages were Billie Skeens and Jimmy Nickel, the train bearers were Betty Arneson and Shirley Jockoal.

The judges were Mrs. Ralph Chelenger, Mrs. Frank Roberts and Mrs. George Steele.

The winner of the lucky ticket draw was John Spornitz.

The most spectacular event of the evening was the barrel jumping contest. Donald Dinmore succeeded in jumping no less than eight barrels while Bob Ramsay and Dick Welsh made seven.

The Carnival Queen was crowned by last year's queen, Inez Pawsay. The business men of the town presented the queen and the attendants with prizes of five and three dollars. Mayor B. Crane made the presentation. The Queen was also presented with an engraved trophy. Although a carnival is more of a social participating event the spectators seemed to get just as much kick out of the proceedings as the entries. Next year the carnival will be bigger and better than ever.

The Club wishes to take this opportunity to thank the judges for their help and the business men for their contribution of prizes for the queen and her attendants.

## Time Out For Laughs

Two drunks in a midtown bar were discussing life: "I had the darndest dream last night," said one. "I dreamed that suddenly about one thousand funny little men were dancing on top of my body. They had pink caps and green suits and funny red boots that curled up in front."

"Yes," agreed the other, "and there was a tinkly little bell at the toe of each of the boots."

"How do you know?" said the first one in surprise.

"There are a couple of them still sitting on your shoulder," said the other.

The beautiful and luscious Olga Petramska climbed aboard the Lenin grad-Moscow Red Arrow at the last moment and found herself sharing a compartment with a full-bearded Tartar. He eyed her speculatively as the train threaded its way through the yards, and then in a deep guttural voice inquired, "What is your name?" "Olga Petramska," she answered demurely. "Where are you going?" "Moscow."

The Tartar made a sudden decision. "Enough of this love making," he announced, "Move over."

## WHITE CLOUD

The sincere sympathies of the district are extended to Mr. G. Peacock and family.

Mrs. Dave Gardiner returned home on Friday evening's train after a nice long holiday spent at New Westminster visiting relatives.

The play "Maid of Money" put on at the Park Hall by the Silgo young people, was very good and a large crowd attended both the play and dance.

Mr. and Mrs. Johnny Thayer and small son of Kinross visited at the Dickout home last week-end.

The card party held at the different homes that are most central, have been doing very well with large crowds and enjoyable evenings for everyone.

## CONTINUATION OF HOSPITAL BOARD ELECT OFFICERS FOR YEAR

Continued from Page 1

employment of displaced persons from Europe as Ward Aides, etc., who are qualified to fill such positions.

Moved by Trustee Gardiner that secretary write the Associated Hospitals of Alberta that further consideration will be given this matter when the new hospital is completed.

The balance sheet for 1947 showed an increase in the cost of operation per patient day and it was decided an increase in rates were necessary.

Moved by Trustee Gardiner that non-ratepayers rates be set at \$4.75 per patient day and to take effect March 15, 1948.

A full Board being present the request from Irma Municipal Hospital District No. 55, for their contract to be extended from July 1 to December 31, 1948 was brought up for discussion.

Moved by Trustee Bessley that Irma Municipal Hospital District be advised that the contract would be extended but with the following alterations:—Irma Municipal Hospital District No. 55 to pay \$4.75 per patient day and the patient to pay \$1.00 per patient day, making a total of \$5.75, this change to become effective as from July 1, 1948. The increased cost of operation makes this change necessary.

Moved by Trustee Gardiner that the Victor X-ray Corporation of Canada be given an order for one R 38 X-ray machine at a cost of \$4,148.50, F.O.B. Winnipeg, Terms 20% cash and 8% interest balance, subject to the approval of the Minister, Cd.

Mr. McLeod's report for the month of February was as follows:

Total number of patient days 743  
Total number of in-patients 97  
Total number of Out-patients 41

Classification of Patients

Surgical 22  
Medical 51  
Obstetrical 12  
Infants Born 12

Deaths 3

Moved by Trustee Dietrich that Matron's report for the month of February be accepted. Cd.

The resignation of Miss S. Gauthier, R.N., was presented to take effect March 25, 1948. Moved by Trustee McLeod that Miss Gauthier's resignation be accepted. Cd.

The resignation of Miss A. Dalton was presented to take effect March 20, 1948. Moved by Trustee Dietrich that Miss Dalton's resignation be accepted. Cd.

Moved by Trustee McLeod that Matron have authority to have pipe fittings installed in the Diet Kitchen for a small gas range.

Moved by Trustee Gould that the House Committee and the Matron enquire as to the cost of furnishing a double ward and a single ward and report at the next meeting. Cd.

Moved by Trustee Dietrich that 100 ft. of spring steel be purchased for the purpose of cleaning sewerage pipes. Cd.

Moved by Trustee McLeod that Mr. R. Armstrong be granted the sum of \$20.00 for work on sewer. Cd.

Moved by Trustee Dietrich that the report of the finance Committee be accepted. Cd.

Moved by Trustee Dietrich that the chairman and secretary have authority to sign all cheques and in the absence of chairman the vice-chairman to have the same authority. Cd.

Moved by Trustee Bessley that accounts amounting to \$19,686.00 be approved and cheques issued on the debenture account. Cd.

Moved by Trustee Dietrich that account amounting to \$4,759.27 be approved and cheques issued on the general account. Cd.

Moved by Trustee Gardiner that the meeting adjourn, the next meeting to be held on Saturday, April 10, 1948 at 2 p.m. Carried.

Our thanks also to those who donated to the Anti-Tuberculosis Fund.

MRS. SHAW AND FAMILY.

## N. I. Club Hold Social Evening

Mrs. M. Telford and Mrs. R. Leggett were guests of honor at a social evening of the N.I. Club held at the home of Mrs. L. Stott on Monday of this week. The occasion being the birthday of these two ladies.

A pleasant time was spent playing bridge and other games after which a delicious lunch was served by the hostess assisted by Mrs. J. Robinson and Mrs. L. Mitchell. At this time Mrs. Stott presented each of the guests of honor with a lovely bouquet of flowers and best wishes for "many happy returns of the day."

After the lunch hour Mrs. W. Clark presided at the piano in her own inimitable style and a happy time was spent in singing before the party dispersed.

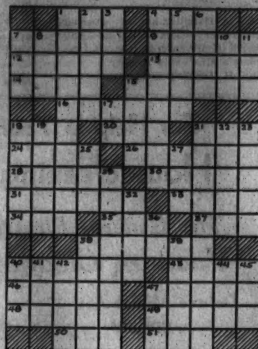

It's when we demand a pat on the back that we deserve a dig in the ribs.

People who are a problem to the authorities can, with a new spirit, become authorities on problems.

## Radiograms

IN HEAVY DEMAND

If it's a good thing it's in demand. That's why a certain group of C.J.C.A. artists have just launched upon their third successive (and we hope, successful) series of weekly radio broadcasts.

James O'Brien's Ranch House Jamboree boys are at it again—this time as stars of C.J.C.A.'s Rock Oil Ranch House Jamboree program Friday evenings at 8:30. With James at the violin; Wally MacDonald, bass viol; Dick Jacobs, accordion; Lloyd Cooper piano; and Al McIntyre, guitar and vocal—this program appears to be "just what the doctor ordered," particularly in C.J.C.A.'s rural areas, in which the sponsors are particularly interested. This program is the outgrowth of their former CBC series titled Alberta Ranch House. This series grew out of the now nationally famous "Songs of the West" programs that were featured locally and on the CBC two years ago.

**PEACETIME AIMS OF RED CROSS CANNOT BE IGNORED**—Bracken Canadians cannot afford to ignore the peacetime aims of the Canadian

Red Cross Society, declared the Hon. John Bracken, national leader of the Progressive-Conservatives in a statement issued today in support of the \$5,000,000 Red Cross campaign for this month for services in Canada.

"Provision for free blood transfusions, plans for instruction in home nursing, first aid and nutrition and the maintenance and establishment of Outpost Hospitals in isolated areas of Canada—these are but a few of the many services which the Red Cross is undertaking. All of them merit and I am sure will receive wide-spread and wholehearted support," he stated.

"In this drive for funds, the Canadian people will have a chance to express, in a very practical way, their appreciation of the work which this Society has done in the past and which it proposes to carry on in the future.

"I trust the Red Cross will continue to receive the generous support of the Canadian people and that it may continue, without curtailment, the outstanding service with which its name is associated in Canada."

### A.M.A. ENTERS PROTEST ON FIXED SPEED LAW

Strong objections to the Vehicles and Highways Act being amended to provide for arbitrary or fixed speed limits on provincial highways have been lodged with the provincial government by the Alberta Motor Association.

The A.M.A. contends that it is better to maintain the present law under which the burden of proof is on the motorist if he is found to be travelling at an unreasonable rate of speed. It also points out that this system is in use in 40 out of 48 states and also in England. Also this is easier to enforce than an arbitrary speed limit law.

A bill which has been introduced in the legislature proposes to establish a maximum speed of 55 miles per hour on highway during daytime and 40 miles as the limit at night.

The A.M.A. holds that it is much better to have a flexible law which means that the rate is dependent on the circumstances at the time. A rate of 55 miles of one time might be dangerous at another time. If a maximum is set, then motorists feel they have a right to drive at that speed, though it might not be safe under some conditions.

The A.M.A. also stresses at the same time, its paramount interest in safe driving on the highways.

### McCafferty & Browning

News this week is very scarce owing to the nearly impassable roads. Mrs. H. E. Spencer left on Monday to visit her daughter Mrs. L. Osberg in Toronto; she was met in Saskatoon by Dr. Elvins Spencer and family. Henry Spencer attended the Council

meeting at Wainwright on Thursday day. The roads were so uncertain that we are all glad that these days two of the councillors started the snows rarely occur in these parts.

## The Faith Of A Family Endures

To enjoy the good in daily lives, the family group has learned the worth of spiritual values and how to benefit by them. Religion and family go hand in hand through life, as each must practise love and co-operation, and each is bound together by ties that are more than earthly.

To get the most out of life, bring your family to the church of your faith regularly. Your service there is a service to mankind, and the lessons you learn there will benefit your fellow men and women.

ONE KINDNESS OF YOURS  
RIPPLES INTO COUNTLESS LIVES

The single pebble you drop into a pool makes ring after ring of widening ripples. In the same way one kindness of yours will benefit vast numbers of people... when you give to the Canadian Red Cross.

### YOU'LL BE HELPING TO...

- rush emergency services... shelter, clothing, medical aid...
- to communities stricken by disaster;
- save lives with free blood transfusions;
- help crippled children walk again;
- keep open 71 Outpost Hospitals... providing pioneer Canadians with vital medical aid in time of accident, illness, child-birth;
- bring comfort to ill and disabled veterans in hospital beds;
- teach water safety and swimming, thus preventing tragedy;
- maintain the Junior Red Cross, now 850,000-strong in Canada...
- teach First Aid... support important nutrition and home-maker services.

All these and other works of mercy you will help make possible in a single act of kindness when you...

GIVE AS GENEROUSLY AS YOU CAN TO THE CANADIAN RED CROSS!

## Report to the People

By Robert Fair

Since making my last report very little progress has been made with the work of the House, most of the time being taken up with the foreign exchange conversation and the address in reply to the speech from the Throne, which is not quite completed at the time of writing this article. There is strong opposition to the Government's foreign exchange conservation measure and the accompanying increase in excise tax on certain articles imported into, or manufactured in, Canada, and this can best be shown by the fact that during the passage of the legislation three votes, in particular, were recorded, giving the Government majorities of 10, 8 and 5 respectively. During the discussion the Minister of Finance was unable to give any idea of how long those conservation measures would be necessary, but it would seem that we shall have to put up with them during all of 1948 at least.

As pointed out before the excise tax is not being used for the purpose of bringing in revenue, but is exclusively as a deterrent to the spending of money on goods that are being brought in from the United States, and many people regret that it has been found necessary to prohibit importation of many of the articles that we have imported from the United States in the past as our own manufacturers are unable to supply the people's needs, even at the increased prices.

The Speech from the Throne, as usual, has covered a wide variety of subjects and has brought home to the Government the discontent that exists among the people in connection with heavy taxation, the rising cost of living, increases in the price of farm implements and many other lines that the people are compelled to buy for everyday use. The question of increased allowances for single and married veterans has also been discussed on many occasions, and while certain increases have been made, it is felt that these are not sufficient to meet the increased cost of living of those concerned.

Advantage has also been taken of the Speech from the Throne and the Orders of the Day for the purpose of bringing to the attention of the Gov-

ernment the serious situation that exists in connection with the removal of commercial rent control on March 8th, On February 25th Mr. Solon Low (Social Credit Leader) brought to the attention of the Government a request from the executive of the Retail Merchants' Association in Alberta, that the clause dealing with rentals in the W.P.T.B. regulations be kept in effect, as it is pointed out that many landlords are seeking rental increases amounting to as high as 500% over present rentals. Further discussion took place the following day and it is possible now that the W.P.T.B. will investigate unjust increases and prosecute offenders under the Section already referred to.

The Committee dealing with the increase in the cost of living is continuing its work and up to the present time has dealt almost exclusively with the prices of bread. In a few instances, during recent days, the retail price of bread has been brought down by 1c per loaf and it is interesting to know that at a meeting of the bakers in Toronto where the price of bread was increased to 18c per loaf, a member of the W.P.T.B. attended and was quite satisfied that the increase of 1c to 18c should take place. It is expected that the Committee will now move on to other items and from present appearance, a lot of work has got to be done unless some unforeseen circumstances will bring about a lowering of prices.

On March 1st an announcement was made by the Rt. Honourable C. D. Howe, Minister of Trade and Commerce, dealing with support prices of oats and barley and this reads as follows: "During the current crop season support prices for both oats and barley are in effect and the Government intends to extend this to July 31st, 1949 at the same support levels prevailing this crop year. Oats will continue to be supported at levels based on 61 1/2c for No. 1 feed oats in store Port William-Port Arthur with other grades at approximate differentials to be fixed from time to time by the Wheat Board. Barley will also be supported at 90c per bushel for No. 1 feed barley in store Port William-Port Arthur with other grades at appropriate differentials to be fixed from time to time by the Wheat Board. The purpose in making this announcement at this time is to enable producers of oats and barley to plan their operations for the coming crop year with the assurance that market prices will not decline below the support levels. As in the present crop year the Canadian Wheat Board will be directed to implement this policy."

Another announcement of vital interest to prairie farmers was made over the radio on March 8th, when it was made known that 38 nations had signed a wheat agreement for a 4-year period. According to this announcement the maximum price of wheat per bushel is set at \$2.00 while the floor for 1948 is fixed at \$1.50; for 1949—\$1.40; for 1950—\$1.30 and for 1951—\$1.20. At this time I have not got any further information on his agreement but will perhaps deal with it in my next report. Farmers, for a number of years, have been looking forward and doing everything possible to have a long-term wheat agreement, but it would seem that if there is to be a ceiling on the price of wheat and other grains, a ceiling should also be placed on the price of the things the farmer has to buy in order to produce his grain; otherwise the benefits accruing under a long-term agreement may be consumed by the higher cost of production.

With respect to the interim payment on the 1945-1946 and 1947 wheat crops, a resolution is now on the Order Paper preceding legislation which will provide for this payment. There are other matters included in the resolution with which some of the

members of the House do not agree, and for this reason it may take some little time debating the resolution and the legislation itself, but we shall do everything possible to have it passed as soon as possible, so that payments can be proceeded with. The legislation will not provide the amount per bushel of the payment and the Government refuses to specify the amount or otherwise divulge it. Although the former Minister of Trade and Commerce, Honorable J. A. MacRinnon, stated some weeks ago in Alberta that the payment would be much above the reported 20c per bushel, it is rumored that the expected increased payment will not come about this time and 20c, or very little better, may be expected according to the best information we can get here.

## Canadian Garden Service

### First Plantings

Usually there is one corner of the garden which is dry before the rest. This is the spot to plant the very early "things," hardy vegetables and flowers that can go in the ground just as soon as one can get out and dig. Frost and snow later on will not hurt these, and some of them must make their first growth while soil and air are cool.

Among the vegetables in this category will be radish, leaf lettuce, spinach, early onions and the hardest of the garden peas. Of course, this refers to first plantings only. Main plantings should go in later, and plantings after that. With vegetables it is important to string out the plantings so that the harvest will be equally extended. All the vegetables mentioned can be planted at least three times, a fortnight apart, and some like lettuce and radish, carrots, beets, beans, etc., can be planted at intervals right up to the first week in July.

Among the hardy flowers will be things like cosmos, marigolds, pansies, sweet peas and anything else listed as very hardy in a Canadian seed catalogue. Some of these are so resistant to frost that they sow themselves and come on as volunteer plants in the spring. Some of them, especially sweet peas, must be planted just as soon as possible in the spring if you are to make proper growth before the hot weather checks them.

### In your Planning

No matter how unfavorable the location there is some flower, vegetable or shrub that will thrive in it. The ideal garden, of course, is open to the sun and the soil is a rich, well-drained loam. But there are many plants which do not like these ideal conditions. Some flowers, vegetables and certain varieties of grass, prefer shade, some want acid soil rather than sweet, some like heavy clay better than loam or sand.

The thing in planning is to consider these special likes and dislikes, then to select those plants that suit one special location.

Most vegetables, however, are pretty keen on a generous amount of sun, but they have distinct likes and dislikes in the matter of soil. For deep-rooted things like carrots, potatoes, etc., it is important that the soil be fairly loose at least a foot down. Certain types prefer sandy soil to clay. But no matter what the soil is like to start with by a little planning and care one can change it fairly easily.

Soils to Fit  
If very wet and heavy it may be necessary to drain the garden either by the drains or shallow, open trenches. These heavy soils, too, will greatly benefit if manure, rotted leaves and all other vegetable matter is dug in. Some people make a practice to sow half the garden with some green crop like rye, buckwheat or clover and dig in when well grown. Even a good crop of weeds will help 1/2c per bushel. All waste matter like pea pods, carrot tops, corn stalks, etc., should be saved and dug in. Strangely enough the same treatment is good for light, sandy soil. The rotted vegetable refuse dug in

adds what is technically known as humus, puts some body into the soil authorities can, with a new spirit, so it will hold moisture better, become authorities on problems.

**CONTINUATION OF IN THE LEGISLATURE**

The estimated expenditure for the coming year exceeds \$3 millions - the highest in the history of the province. There are to be no new taxes imposed, and there will be no increase in the provincial debt. It will be necessary to reduce this year's expenditure to \$17,800,000. Last year's Old Age Pensioners will receive an increase of \$2.00 per month, paid by the provincial Government. This will be in addition to the \$6.00 now paid entirely by the province, and will bring the maximum pension to \$57.50 per month for those who have reached the age of 70 years.

**Notice of Preparation of Assessment Roll**  
The Town of Wainwright is hereby given that the assessment roll of the said Town, made under the provisions of the Assessment Act, has been prepared and will for thirty days be open to inspection at the office of the Secretary-Treasurer of the Town from ten o'clock in the afternoon on every day not a public holiday except holidays and on that day from ten o'clock in the afternoon and two o'clock in the afternoon, and that any person who desires to object to the entry of his name or that of any other person upon the roll, or to the assessment of any property, or to the assessment of any property, must submit his objection in writing to the Secretary-Treasurer of the Town within the time specified in this notice.

**Relief Work By School**

Funds raised recently by the various grades of Wainwright's School have been sent to relief headquarters. Of the total sum of fifty-one dollars, forty-one cents, to European relief work, to be forwarded in the form of food and clothing to the needy. Some of the money was sent to the German Red Cross, Germany. The remaining ten dollars was sent to relieve the suffering children of China. Besides the donations the school shipped large parcels of clothing to the European relief branch.
